Technical Details

Capacity in kW:* _____

Design temperature in °C:* _____

Design pressure (select):* 6 bar 10 bar 16 bar 25 bar

Plate material: AISI 304 (EN 1.4301) AISI 316L (EN 1.4404) Titanium Gr. 1 254 SMO (EN 1.4547)

Gasket material: NBR EPDM FPM

| | Prim. side* | Second. side* |
|----------------------------|-------------|---------------|
| Medium:* | _____ | _____ |
| Inlet temperature in °C:* | _____ | _____ |
| Outlet temperature in °C:* | _____ | _____ |
| Pressure drop in kPa: | _____ | _____ |

connections: threaded: flange:

(select) 1 ¼" 2" 2 ½" DN32 DN50 DN65 DN80 DN100 DN150 DN200
